

OPENING DAY 2024

WELCOME TO CAMP!

We are so excited to have your child join us this summer. Our camp programs are nurturing experiences that support a child's ability to grow, make new friends, take on challenges, and experience new things. Our goal is not only to provide our campers with positive summer experiences but also to help parents and caregivers feel supported and informed while their child is away. Please hold on to this guide. It contains helpful information for you while your child is away at camp.

Camp is a wonderful way for children to gain independence. Camp is a technology-free space where kids can be themselves and not worry about what's happening at home. While it can be hard to be away from your child, we have found over our many years of running camp that limiting contact with home truly helps children thrive and reduces homesickness. That said, there are certainly ways for you to find out what's happening here at camp.

CONTACTING CAMP

Please direct all of your communication to camp staff through the summer camp office.

The Office is open between 9 AM and 8 PM daily. Your call will be directed to the person best able to help. The office is not open during meals, and you may be asked to leave a voicemail. A staff member will return your call as soon as possible. Please note that the office is busy, and it may take some hours to do so.

If you have an urgent matter that needs immediate attention, the summer office message will direct you on how to reach a director on duty who is available 24 hours a day to respond to your call.
