

## **Electronics Policy**

GSL prefers that campers do not bring expensive electronics such as iPods, phones, or handheld games to camp. However, if you choose to allow your child to bring such items, please note that these items may only be used during drop off, after lunch, and during pick up. During regular camp hours, all electronics must be put away in the camper's backpack. Please be sure that each device is labeled with the camper's name. GSL is not liable or responsible for theft, loss, or any damages that may be incurred during camp hours.
