

The boys wrapped up an amazing summer with an array of exciting activities and entertainment. Our CDC campers journeyed across our beautiful campus to attend a musical at the Greek theater, and the boys had a fantastic time exploring the Cranbrook Institute of Science and embarking on a mesmerizing journey through time and space at the planetarium. To culminate the week, we treated everyone to a giant slip-n-slide and a delightful pizza lunch! From everyone at Cranbrook Day Camp and inside the walls of the Boys Middle School, we thank you for entrusting us and allowing us to help your child make new friends and lasting memories. Wishing you a fantastic end to your summer and a wonderful school year.

With Gratitude, CDC Staff

"We can't believe it's over. Those eight weeks flew by in a heart beat !"

I.S
