- **WATERMELON HUNT**

WEDNESDAY - THURSDAY

- **CRANBROOK THEATRE SCHOOL PERFORMANCES
THE LITTLE MERMAID, SPONGEBOB, AND FINDING NEMO**

STAFF SPOTLIGHT

BROOKE

Hi! My name is Brooke, and I'm the archery instructor here at camp. I plan to study environmental science in college and to work in nature conservation. Some fun facts about me, I am a black belt in "Tang Soo Do" and I've trained for over 9 years, I can play about 8 different instruments, saxophone being my favorite! In my free time I'm usually playing fortnite, or watching some new show with my roommates.

MADELINE

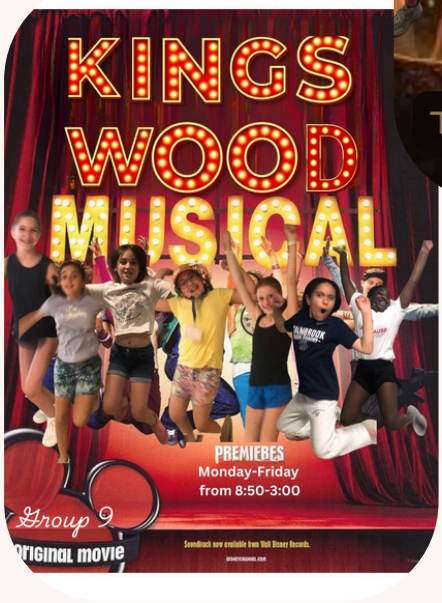

Hi! My name is Madeleine, and this is my first year at Kingswood. What I love most about KDC is the community within the staff, getting to be in the sun, and seeing campers be enthusiastic about activities. I also love how beautiful the architecture and nature are all over Cranbrook's campus. I'm attending Michigan State University to earn a Bachelor of Science in Advertising Management (with a minor in Business). My goal is to have a remote marketing job so that I can travel the world. I want to market ideas, products, or movements that contribute to helping/saving the environment. Outside of work and school, my hobbies include photography, reading, skateboarding, video games, and anything to do with art. My biggest passion is drumline; I have marched snare drum with my school's drumline, Huron Valley Percussion, and Lake Effect Percussion.

KINGSWOOD IN CINEMAS

KINGSWOOD IN CINEMAS

Sports

This week in sports at KDC, the campers enjoyed games such as hide and seek, 4 corners, and free time. As we come to the end of camp, the kids will get to play our fan favorite, dodgeball!

Tennis

This week campers got caught up on previous weeks lessons that they missed. After that we will play the game that goes with that weeks lesson.

Next week there sadly probably won't be tennis because I won't be here because I'm leaving Monday. It was great getting to know everyone and thank you for letting me teach you tennis.

Canoe

This week in canoe we did a relay race with different flags worldwide because of the opening ceremony of the Olympics. Next week we plan on letting the girls pick one of their favorite activities from one of the weeks that we have done.

Drama

This week in drama, each group made their own list of aspects that make up a good performance. Campers then performed scenes from popular movies with the ideas from their lists in mind. Campers also played some fun improv games where they were encouraged to think on the spot.

Art

This week, campers had so much fun collaging! Younger campers made rainbows, while older campers made their own unique creations. Next week, campers can look forward to making their own pins!

Music

This week in Music, campers tested their puzzle-solving and teamwork skills in a music-themed treasure hunt! We had lots of fun theorizing who the secret agent that left us clues is and who the instructor that hid the pins could possibly be... 🤔 Next week, we'll be taking a field trip to see Cranbrook Theatre School's shows, so they'll get to learn about and make their own mini-musicals!

Dance

As we enter the final weeks of camp at Kingswood, we like to bring back some camper favorite games that the girls vote on. Some of these include “find the leader” and “would you rather.” Campers also get a chance to come up with their own choreography and show it off to their friends. As we head into the final week at camp, I can’t wait for all of the fun stuff planned!

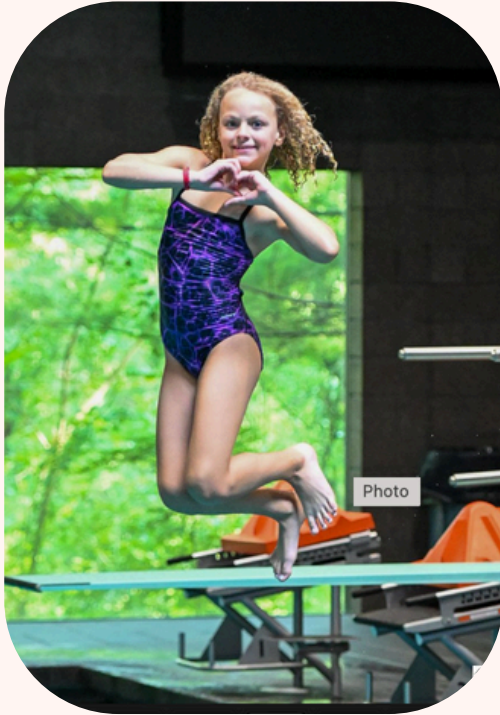

Nature

This week in nature and science, we made slime! It was a hit! Next week, the campers will be mini chemists again and make moon dough, which is a mix between play dough and slime. Our traditional paper airplane challenge will also take place next week! Older campers will also be participating in a heart rate lab, where they will learn about how exercise and other activities impact their heart rate.

Archery

This week at archery, we've been doing a mini trivia game to earn more arrows for a better chance of hitting the bullseye! This has been keeping the campers engaged in the activity and excited to shoot, with a great success rate! It's been another great week!

Yoga

This week, the campers used their creativity to make their own yoga dolls and shape them into a pose to share with the class. Next week, campers will split up into groups and will have to strike various poses as the animal on the charade card in front of them until the person with the card can guess the animal correctly.
