

STEM Camp Newsletter

Vol. 7

Summer 2024

Announcements:

STEM Campers swim every Friday!

Lost and found items are still available in the STEM office. We have several baseball caps. Give us a call if your camper has lost anything!
Happy birthday to Adam S.!

This Week:

**This Week's Theme:
Lights, Sounds, Science!**

Week # 7 Spectacular Scientists

Purple Parrots
Taym I.

Orange Iguanas
Deaglan P-C.

Blue Barracudas
Kellan B.

Green Monkeys
David R.

Red Jaguars
Riyan C.

This Week's Highlights:

Campers explored the science behind lights and sound in this STEAM-filled week. We examined how cameras work, how light bends, how colors blend, and explored the science behind music and instruments.

Looking Ahead:

Week 8: Deep Dive

We dive into our last week of camp by exploring the world underwater and travelling to new depths in an underwater ROV that each team builds and tests!

Staff Spotlight:

This week we will meet our camp directors!

Jane, our assistant director, writes, "I am an extremely curious person. I love learning about many topics, but my favorites are animals, history, and food! This is my fourth year at STEM Camp."

Ashley writes, "I've been the STEM camp director since the camp started in 2018. I hold a bachelor's degree in mathematics from Wayne State University. During the school year I teach calculus at a high school in downtown Detroit. When I'm not at camp or at school, I enjoy painting and spending time with my cat, Ham."
