

What to Pack for Day Camp!

Talk Beforehand:

It is normal for your camper to have questions about their time at camp. Unanswered questions can create unnecessary anxiety about what should be a fun experience. Contact us with any additional questions.

What will camp be like?

- Campers will be in groups with other kids their own age and, led by a counselor.
- Every camper gets to do fun activities like swimming, boating, games and crafts.

What if something happens?

- Your counselor is there to help you have fun! When you need something or have a problem, you can always talk to them right away! If they can't solve the problem, you counselor will talk with the director, who is able to talk with your parent.
